FEATURING THE MUSIC OF BOB CHILCOTT  
& MEMBERS OF THE KING'S SINGERS

Since 1978, Voices West has had a long tradition of choral excellence through creative and engaging concert programming for audiences along the Colorado front range. Voices West's 50-member roster includes a wide variety of avocational singers including teachers, realtors, scientists, engineers, and stay-at-home parents and caregivers.

It is the mission of Voices West to:

Bring hope and contribute to the well-being and vitality of our community through beautiful, diverse, and inspirational choral music;

Welcome the whole and authentic self of each person who sings with us and experiences our music so they are celebrated, valued, and nurtured; and

Support and promote choral music education in our community and schools, knowing that choral music is essential to humanity.

Voices West is grateful for the financial support of SCFD, Colorado Creative Industries, Emily Frisby Endowment for the Arts, Community First Foundation, the City of Littleton, Colorado and our individual donors. ## NOTES

For over fifty years, the King's Singers have set the gold standard in a cappella singing on the world's greatest stages. They are renowned for their unrivalled technique, musicianship and versatility, which stem from both the group's rich heritage and its drive to bring an extraordinary range of new and unique works, collaborations and recordings to life. The King's Singers' extensive discography has led to numerous awards, including two Grammys, an Emmy, and a place in Gramophone magazine's inaugural Hall of Fame.

Each of the pieces on today's program were composed or arranged by former members of the King's Singers and have been performed by the ensemble over their many years of existence. The music of Bob Chilcott, in particular, will be featured. Chilcott (b.1955) has enjoyed a lifelong connection with singing and choirs. In addition to his membership in the King's Singers, he sang in the choir of King's College, Cambridge as a chorister and choral scholar. He is Principal Guest Conductor of the BBC Singers and is conductor of the Birmingham University Singers. He has guest-conducted choirs in more than thirty countries. He is a prolific composer with a large and popular catalog of music that reflects his broad view of the world, musical styles and genres.
